Cleanup Days– May 19th & 20th

Stacey Allen will be managing the 2012 Cleanup Days program. About six weeks prior to the event, Stacey will reach out to you directly with full program details to pass along to your Chapter Presidents. You can go ahead and let your Chapter Presidents know the event dates of May 19 and 20. This is the same weekend as Grill Fest at Camping World. This year to simplify trash bag distribution, we're asking everyone to supply their own trash bags. We have a few of the yellow trash bags from last year's program left over and would like to deplete the supply. The amount currently on-hand amounts to approx. 20 bags per Director, which you'll find in your Director package that is arriving this month! Use those bags as you wish as only the Directors will have these yellow bags.

Good Friends, Good Fun, Great Savings!
